givejedahand #Endstigma?! #CAMH CEO Catherine Zahn actually said that in her #Worldsworst #Tedtalk #Ever! For which she won #COMMUNICATOROFTHEYEAR from the #IABC - both of which I'm sure you've never heard of - only four people voted for her and it still was #rigged! Consider her #unscientific statement not just a threat but a promise given how #BAD CAMH #Psychiatry is for #MentalHealth. You could be worse! You could live under her #Condo in the#streetsoftoronto doing #streetphotography! #Oops!
